## 8th Navy Modeling and Simulation (M&S) Technical Interchange Meeting (TIM)

### LOCAL Eating Places:

### M&S FORCEnet TIM

### Topic: Modeling & Simulation Concepts for FORCEnet

This is the eighth Technical Interchange Meeting (TIM) is sponsored by OPNAV, N60M, Navy M & S Management Office (NAVMSMO) to promote the exchange of views within the DoN community regarding the evolving roles of Modeling and Simulation. The focus of this TIM will be on M&S contributions to achieving the Navy's FORCEnet vision for fully netting the naval force. Discussions at the TIM will include a variety of efforts already under way, such as Navy-Marine Corps Intranet (NMCI), the Information Technology-21 program and the Cooperative Engagement Capability (CEC). Specifically, these programs will present the use of Modeling and Simulation in their plans to build the Collaborative Engineering Environment that will support FORCEnet.
